Resolution.—The main object of the Municipal Commissioners in introducing into this Municipality the pension scheme, was to secure the services of good and trustworthy men to the office establishment and more particularly to the revenue Collection and Account branch and they are of opinion that the said scheme should not be made applicable to every Municipal servant, as otherwise it will prove a heavy burden on the Municipal resources. The Commissioners would now resolve that the present applicant Venkatramanaiya, who belonged to the Collection branch, be recommended to Government for an invalid pension according to Civil Pension Code and they further resolve that a list showing the rank or designation of such officials as in their opinion are to be allowed the privilege of pension under the Pension Code be laid before the next Board for approval and transmission to Government.

VI. Proposed widening of the roadway leading to the Woollen Mill from Cotton Pettah high road by the side of Kengeri Gate Police station.

Resolution.—Sanctioned. The cost thereof, *viz.* Rs. 210, be met from the provision made under head "Compensation" in the current year's budget.

VII. Proposed removal of the bonded Warehouse for excisable articles to premises known as Cattle Pound near the General Market.

Resolution.—The Board observe that the bonded Warehouse immediately adjoining the Government Girls' School has only a small court-yard attached to it, hence carts laden with excisable articles that come there for clearance of duty are very often compelled to stand on the public street causing great obstruction and inconvenience to the public. The Commissioners also consider the removal of the Koti from its present building as very necessary for the purpose of adding the same to the Government Girls' School, the number of pupils attending the above School having largely increased of late and the present School building being inadequate. For these reasons the proposed removal of the bonded Warehouse to the Cattle Pound is sanctioned. The Board also sanctions the necessary repairs to be executed to the Cattle Pound and Girls' School buildings as now enlarged, to render them suitable for the purpose they are intended for. The Board further sanctions the stone building on the edge of the late Cart-stand situated on the Mysore road being converted into a Cattle Pound. The charges of the works above indicated be met from the allotment under head "Repairs" in the current year's budget.

A. SRINIVASACHARLU, B. B.,
Vice-President.

Visitors to the Mysore Government Museum, Bangalore, during the month of August 1887, *were* 17,256 *in number, averaging, exclusive of Sundays* 639 *daily.*
